01 · LOGO

The logo

The MyPro Claim Assist logo puts an umbrella over the MyPro house and checkmark: protection, and a claim handled right. The house and check are the same as every MyPro logo, in Claim Purple with Ready Hub Blue. The wordmark is set in Inter ExtraBold, with "Pro" in Ready Hub Blue and "Claim Assist" beneath. Always use the supplied artwork; never retype or redraw the logo.

Primary: horizontal. Use this version first, wherever it fits.

Stacked. For square or tall spaces.

Mark. App icons, avatars, favicons.

Reversed for dark backgrounds.

White for purple or photo backgrounds.

Black for one-color print, fax and stamps.

01 · LOGO

Clear space and minimum size

Keep an empty margin around the logo at least the height of the house's window (**X**). Nothing (text, edges, other logos) should enter that space.

Minimum size

Horizontal logo: 1.25 in / 140 px wide

Stacked logo: 0.9 in / 100 px wide

Mark alone: 0.25 in / 24 px wide

File formats

SVG: web and anything that scales

PNG: documents, slides, social posts

ICO / small PNG: browser favicons

Ready Hub Blue is too light for text on white. Use Claim Purple for text and buttons, and keep Ready Hub Blue for the logo, accents and text on dark purple. The app tile uses a gradient from #6D3BE9 to #2E1384. CMYK values are conversions; ask your printer to match the HEX swatch.

03 · TYPOGRAPHY

Typeface: Inter

Inter is the MyPro Claim Assist typeface, used on the website and in the wordmark. It is free from Google Fonts (fonts.google.com/specimen/Inter). Use Arial as a fallback where Inter isn't available.
